A Treatise of Human Nature - Book 1 Selby-Bigge and Nidditch (eds.)

(references in commentaries are usually by page number to this edition)

[*An Enquiry Concerning Human Understanding* - also Selby-Bigge and Nidditch]

Or the new, excellent edition of the *Treatise* in the Oxford Philosophical Texts series:

David Fate Norton *David Hume A Treatise of Human Nature* (2000)

& Mary J. Norton (eds.)

which, like all the texts in the series, has excellent critical apparatus - a section-by-section introduction which is 106 pp. long; notes; text (including the Abstract) and glossary - all at a very modest price. The only drawback is the loss of the Selby-Bigge pagination.
