

# MSc Data Science

## Module running schedule

Code	Module	Session
DSM020	Data programming in Python	April & October
DSM030	Statistics and statistical data mining	April & October
DSM040	Machine learning	April & October
DSM010	Big data analysis	April & October
DSM050	Data visualisation	April & October
DSM060	Data science research topics	April & October
DSM500	Final project	April & October
DSM070	Blockchain programming	April
DSM080	Financial markets	April
DSM110	R for data science	April
DSM120	Financial data modelling	April
DSM170	Mathematics for Data Science	April
DSM100	Artificial Intelligence	October
DSM140	Natural language processing	October
DSM150	Neural networks	October
DSM160	Social media and network science	October
