Additional costs

Goods and Services Tax (GST)

The University is required to add Goods and Services Tax (GST) to registration and module/course fees paid by students resident in certain countries. Further information is on our web page [Sales Tax](#).

All programme fees shown are net of any local VAT, Goods and Services Tax (GST) or any other sales tax payable by the student in their country of residence. Where the University is required to add VAT, GST or any other sales tax at the statutory rate, this will be added to the fees shown during the payment process. For students residing in the UK, our fees are exempt from VAT.

When to pay

From 2021–2022, a composite fee model will come into effect and your fees will be paid on a modular basis:

- you will pay only for the modules for which you are registering
- the module fee will be inclusive of module registration and your first attempt at the assessment for that module in the year which you register
- there will no longer be a 'continuing registration fee' or an 'assessment fee'.

The closing date for module registration is 30 October.

***A non-refundable late registration fee of £105 will be charged if payment is not received by the deadlines specified for initial or continuing registration.

Method of payment

Please see [How to pay your fees](#) on our website.

Please note

Programme Fees are subject to annual review and typically may be increased by up to 5% per annum.

Generally, students whose fees are paid by sponsors will be expected to correspond directly with their sponsor regarding Programme Fees. The University can provide an invoice, if needed, upon request.
