All student fees shown are net of any local VAT, Goods and Services Tax (GST) or any other sales tax payable by the student in their country of residence. Where the University is required to add VAT, GST or any other sales tax at the local statutory rate, this will be added

to the fees shown during the payment process. For students residing in the UK, our fees are exempt from VAT.

Registration and module selection

- You must pay the fee for at least one module to be registered with us.
- When we receive your payment, we will give you a registration date that marks the beginning of your maximum five-year registration period with us.
- When the module session starts, you must keep to the University's published rules and deadlines for taking examinations and submitting coursework and projects.

Programme Fees may be paid in one of two ways:

- Either a single payment, covering all module fees for the programme; or
- The fees for the modules you select to study in the first year. In subsequent years, the fees for new modules are payable.

What to pay

Where applicable, you are required to pay the following Programme Fees in full:

- The module fee is payable once per module and includes access to study materials and entry into assessments associated with the module.
- The module fee includes one assessment attempt. The resit fee is required to submit a resit attempt.

When to pay

The Programme Fees above refer to modules which commence in the October 2023 and April 2024 session and are effective from 1 January 2023.

You must have paid your Module Fees by the registration closing date for your chosen study session.

How to pay

Details on how to pay your fees are available on the [website](#).

Your payment provider may apply additional transaction fees, including in respect of any refunds. (If in doubt, please check with them before making a payment.) Further information about fee payment options can be found in the link above.

Fee increases

Programme Fees are subject to annual revision and typically may be increased by up to 5% per annum.
